

Count & Write

1 2 3 4 5 6

Directions

Cut out and laminate each activity card. Use the activity worksheet to complete the activity. Look at the picture on the activity worksheet. Find the matching card using the picture. Count the pictures to answer "How many?" Write the number next to the matching picture. Students should be able to count the pictures no matter how they are arranged.

Name: _____

Find & Count

Find the picture, count how many, and write the number.
