

# Find the Perimeter

Solve real world and mathematical problems involving perimeters of polygons, including finding the perimeter given the side lengths, finding an unknown side length, and exhibiting rectangles with the same perimeter and different areas or with the same area and different perimeters.

Directions:

Determine the missing lengths, match the Shape Cards to the correct Perimeter Cards, then complete the worksheet.

**Perimeter  
20 units**

**Perimeter  
17 units**

**Perimeter  
15 units**

**Perimeter  
14 units**

**Perimeter  
22 units**

**Perimeter  
13 units**

Name: \_\_\_\_\_

# Find the Perimeter

Match the Shape Cards to the correct Perimeter Cards. Write your answers on this worksheet.
