

Gathering Answers!

Directions:

Recall information from experiences or gather information from provided sources to answer a question.

Students use the graphic organizer to collect answers on a chosen topic. After collecting information students can create a brochure using the template.

How are
rainbows
created?

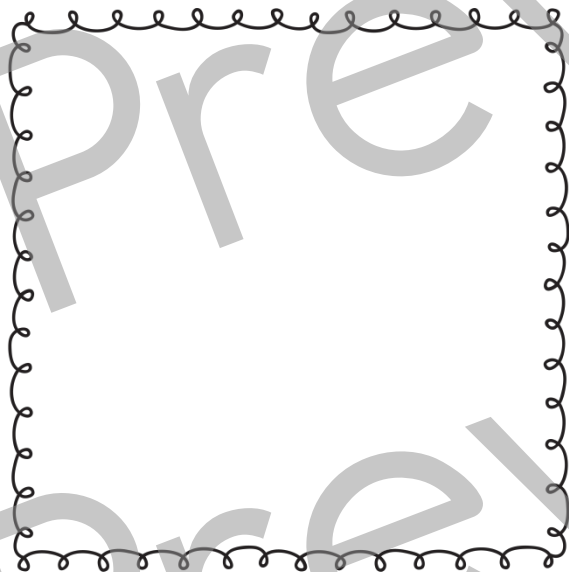

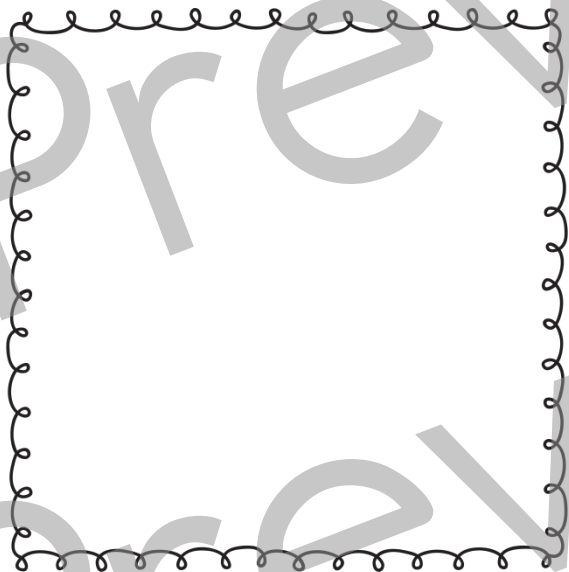

How do
birds fly?

How are
cars made?

What are
taste buds?

Where are
the
rainforests?

Why do
birds
migrate in
the winter?

Name: _____

Question: _____

What I already know...

Fact	Where I found it!

Name:
